Our Mission

Leading a barrier-free world for mobility

Accessibility for all

Savaria believes everyone should be free to live the life they want.

Our products break down barriers, whether that's helping someone stay in the home they love for longer, or opening up public spaces with easy access for everyone.

“

I love my industry, I love my people, and I love our products. And that's because we help people.

Marcel Bourassa, Executive
Chairman effective

We are stronger together

Savaria is all about products that help improve mobility.

Whether that's for your home, in a vehicle or in public spaces, we design and build products to make life more accessible.

Savaria acquired Garaventa Lift in 2018 and Handicare in 2021. Across Europe we work directly with customers, and with a network of trusted partners, to deliver our state-of-the-art products.

Together we are building a more accessible world.

Three Brands One Family

Discover our shared history

Our shared story

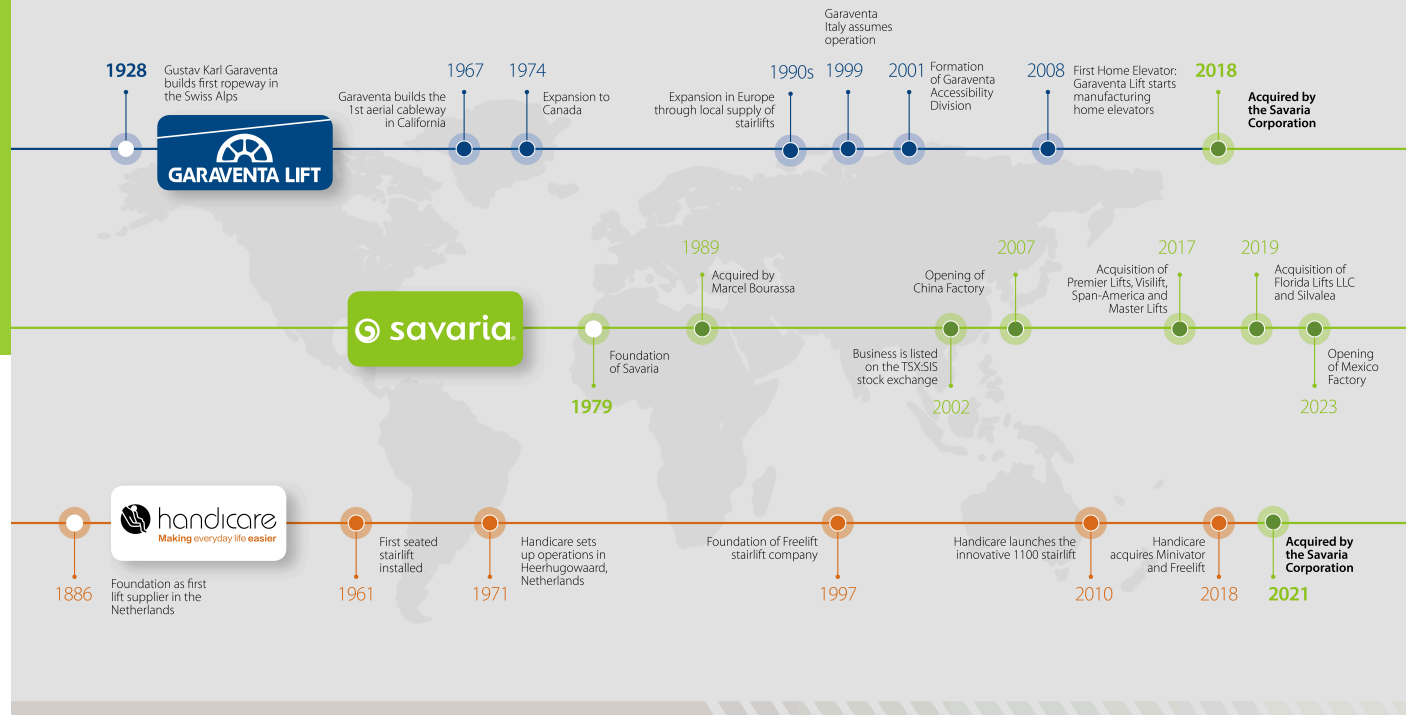

The synergies our businesses share make us stronger together than we've ever been before.

David Temple, VP Finance

SAVARIA HISTORY

The Savaria Corporation, Garaventa Lift, and Handicare Accessibility are three companies with a shared passion - to remove barriers for all to access life on our own terms.

Our three brands each have a distinct identity and unique history, and have joined forces to form the global leader in accessibility. Together we will grow bigger, better, and stronger..

SAVARIA

The Savaria Corporation is a global leader in accessibility, focused on personal mobility in and out of the home.

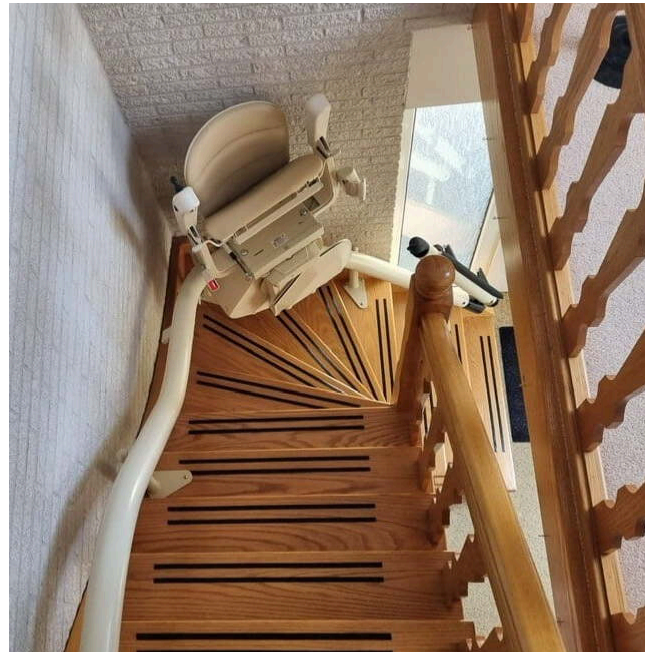

We design, build and install products to make places where people live, work and play more accessible. We employ over 2,500 people worldwide who all know what they do can make a true, positive difference in people's lives.

Our portfolio is one of the widest in the world. Our accessibility division offers home elevators including the Vuelift panoramic glass elevator, as well as commercial lifts, stairlifts, and wheelchair platform lifts. Our patient handling division offers medical beds, ceiling track lifts, and patient slings.

HANDICARE ACCESSIBILITY

With a rich history of product innovation and service excellence in the lift industry dating back more than 100 years, **Handicare** offers solutions and support to increase the independence of people who have disabilities or are in later life to enable them to live an active life on their terms. Our straight and curved stairlifts for indoor and outdoor installations are sold in over 40 countries worldwide.

GARAVENTA LIFT

The roots of Garaventa Lift go back to 1928, when Karl Garaventa built his first of many tramways.

Now a global company helping to create an accessible world, Garaventa Lift design, install and maintain individual custom lift solutions for commercial and residential applications.

Our Business

What we sell?
how we work with you?

Our Partner Network

Our Trade Partners share our passion for making the world more accessible.

Our Direct Business

We install lifts for homeowners, and in commercial buildings for architects and developers in commercial

Government Contracts

We have contracts with local authorities to make homes and public spaces accessible.

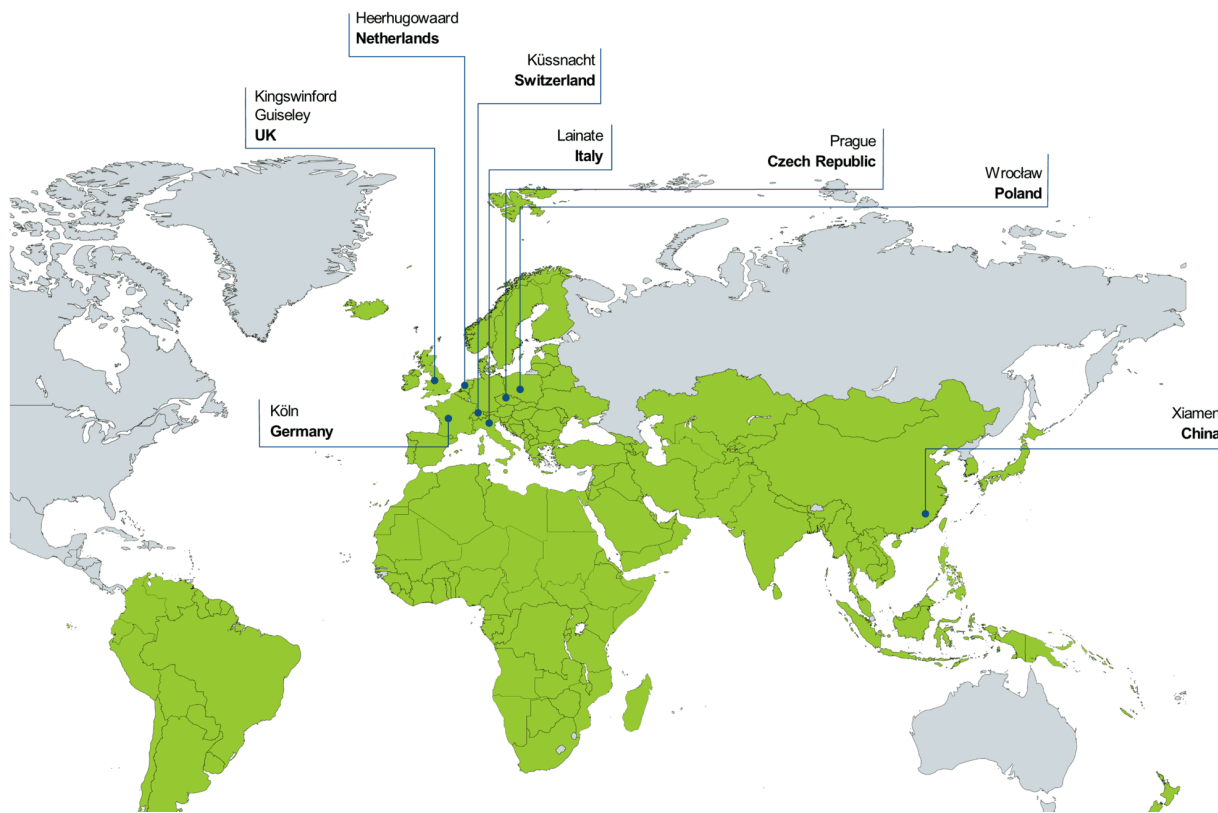

Our routes to market

We work with networks of people across the globe to bring our products to the people who need them.

We're on an exciting journey to change someone's life every five minutes with our products, and our trade, direct, and government sales teams are working together to achieve that goal.

David Harrison, VP Commercial

Europe and Rest of World Commercial Offices

Our sales offices are located throughout Europe, as well as BDMs working in the field to support our network of trade partners.

Our People

Our people are at the heart of our business.

We work together every day to change lives and remove barriers for disabled people and those in later life.

We are committed to providing equal opportunities for employees of Savaria Corporation to thrive and grow. We work with local universities and colleges to inspire the next generation of innovators, and offer a range of benefits to put our people's wellbeing first.

“

We employ over 2,500 people worldwide who all know what they do can make a positive difference in people's lives.

Marcel Bourassa

Working together for good

The Bourassa Foundation

Savaria provides financial assistance to Canadians with disabilities related to physical mobility, who don't have access to the support they need.

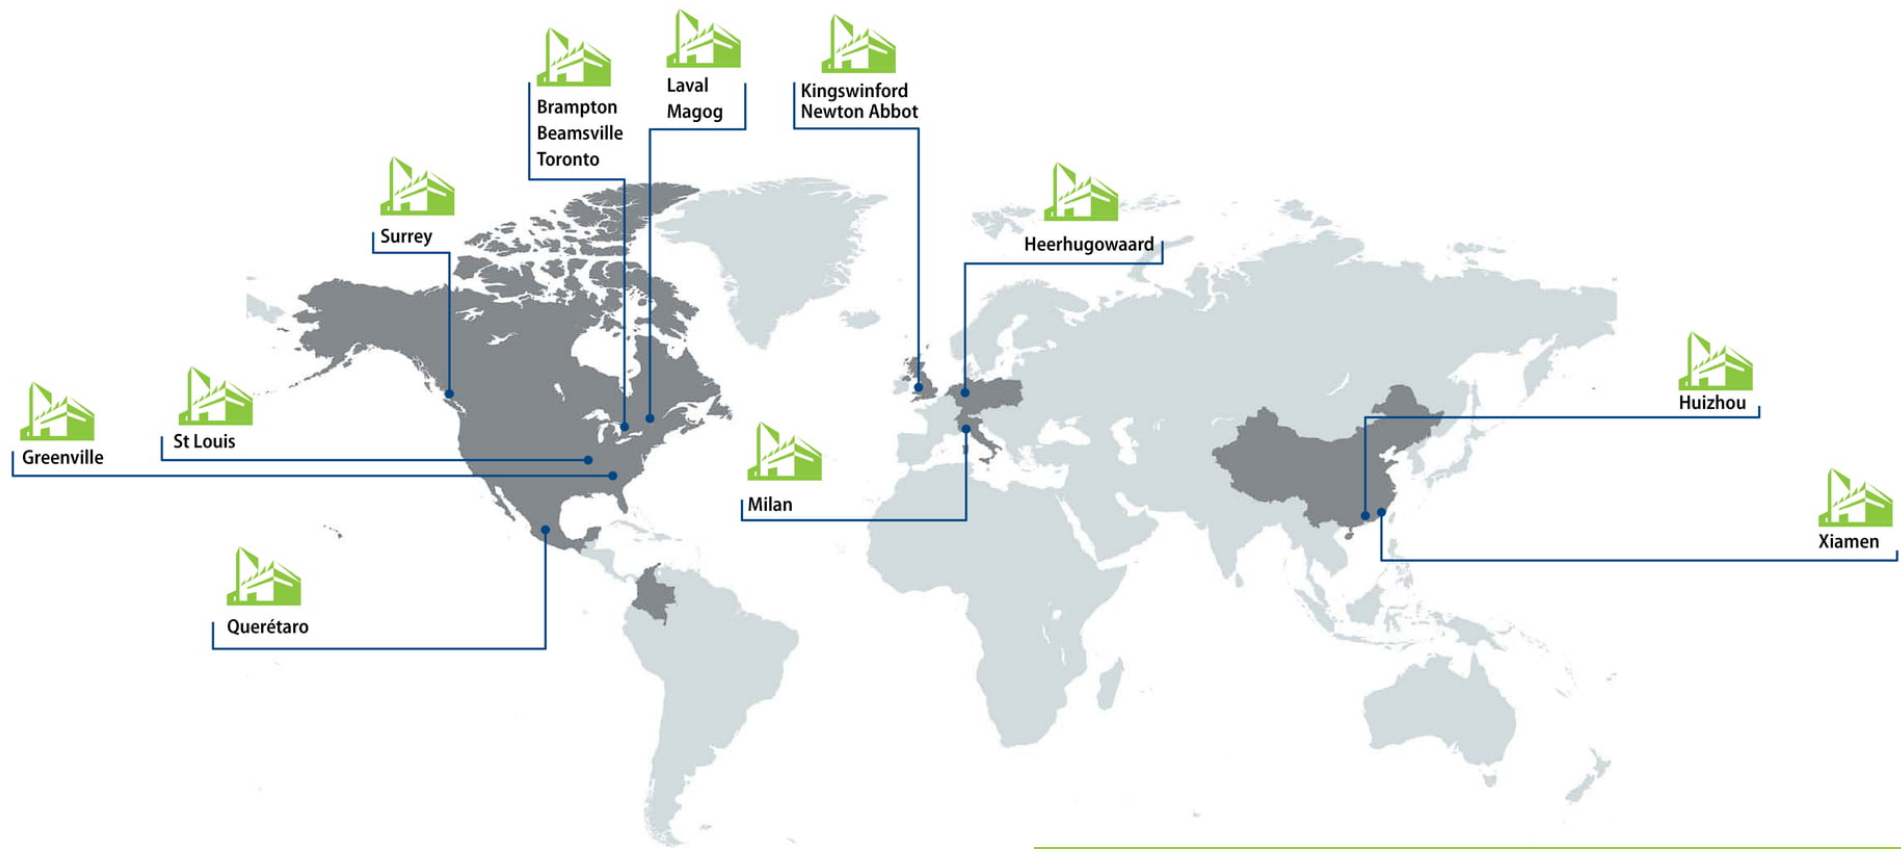

Live Longer Better

Handicare has sponsored an expert learning programme to educate and encourage older people to stay active in later life, with the help of mobility aids.

Garaventa Lift Cooperative

Disabled and non-disabled people work together at our manufacturing sites, providing job security for those who may be locked out of employment.

Global manufacturing power

- 15 factories and distribution centres
- 1 ,115, 000 sq.ft. of production manufacturing space

Better for life today and tomorrow

Our goals for a more sustainable business

“

We are committed to making our factories and processes as efficient as possible, and minimising our environmental impact for future generations.

Sebastien Bourassa, CEO

80% of all materials used should be recyclable by 2025 and 100% by 2030

Reduce packaging weight by 20% from 2020 and reduce product weight by 10% by 2025

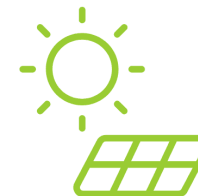

10% reduction in energy use on “next generation” products

100% green sourced electricity in EU factories, and all factories to be ISO certified

Eliminate all plastic packaging by 2030 and 0% waste sent to landfill

All new facilities to include solar panels and rain water capture

Research and Development

Our world-leading product portfolio is designed and tested by our expert teams

We – Handicare, Garaventa Lift and Savaria – have decades of experience in designing, manufacturing and installing accessibility equipment that improves the quality of life for many people worldwide.

We rigorously test and push our equipment to the limit to ensure we have 100% confidence in the solutions we make and sell. And we listen to our network – our partners, healthcare professionals, our end-users and their families – acting on your feedback to continuously improve our equipment and our service.

Our Products

See the range of products making everyday life easier

Curved Stairlifts

Handicare 4000

Using the latest technology, our **twin rail system** is custom built to create a perfect fit for your stairs.

The 4000 offers a range of automatic options tailored to your needs, including a folding hinge to avoid obstructing nearby doorways, and powered swivel and footrest for ultimate ease of use.

**Fitted well, smart piece of kit.
Wouldn't change a thing.**

Handicare customer

TAILORED: Easily upgrade with powered options to suit your needs today and tomorrow

COMPACT: Folds to leave more room on the stairs when not in use. Hinged rail allows clear access on the lower level

SAFETY: Retractable seat belt, emergency stop, and safety sensors

STYLISH: Modern sleek design with a choice of seats and colours

OUTDOOR: With improved UV protection and a water-resistant cover (IP44 rated)

ENERGY EFFICIENT: Low running costs and batteries to remain operational if there's a power cut

Handicare Freecurve

This attractive system has a **single, tubular rail** which allows the stairlift to fit on the narrowest of stairs and navigate the tightest bends. The Freecurve is also uniquely customisable, allowing the stairlift to fit in with any home or décor.

Tailor made to your staircase, the Freecurve will always be a perfect fit for your home. With a choice of seat styles and upholstery and rail colours, this lift suits your individual style.

The only lift in our range with an active seat option to aid standing, and an illuminated footplate to help you see clearly, the Freecurve is designed with your comfort in mind.

Straight Stairlifts

Handicare Straight Stairlifts

THE HANDICARE 1100 is our flagship straight stairlift. Friction-drive engineering offers a quiet and smooth ride, and if you have doorways near your stairs our patented slide-track technology allows it to move out of the way as you travel to leave a clear path.

THE HANDICARE 1000 is the most adaptable stairlift in our range, with options to make it easy to use for people with limited mobility. It also has an outdoor option to help navigate stairs outside the home.

Savaria K2

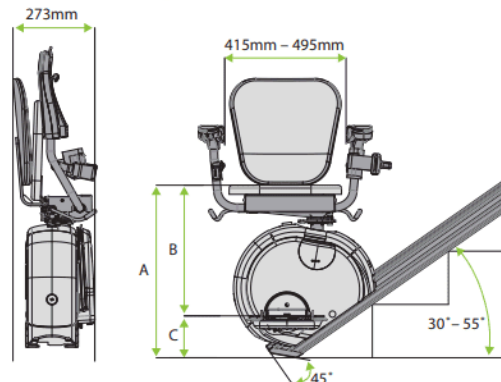

The Savaria K2 stairlift is one of the easiest ways to stay in your home and enjoy the freedom of barrier-free living. Installed on your stairs, in only a few hours, the stairlift carries you smoothly and quietly up a straight flight of stairs. The Savaria K2 stairlift is uniquely compact – with one of the slimmest foldup dimensions on the market at only 27.3cm wide – to allow easy access to the stairs when the lift is not in use.

Measurements vary
based on rail angle:

A: 551mm – 564mm

B: 424mm – 439mm*

C: 119mm – 127mm

Wheelchair Platform Lifts

Garaventa Lift Platform Range

The Garaventa Lift inclined platform range helps wheelchair users easily navigate the stairs, with a seat option for walking passengers too.

The **X3 straight platform lift** is Garaventa Lift's straight option, spanning anywhere from a few stairs to 10 metres.

The Garaventa Lift **Artira curved platform lift** uses the classic Garaventa cable drive system to glide up curved staircases with made-to-measure precision.

Homelifts

Savaria Vuelift®

The stunning Savaria Vuelift® is masterfully built using the highest quality materials for an exceptionally smooth ride. Available in round, octagonal or mini designs, Vuelift® delivers beyond safety and convenience; its stylish design and quality components make using the Vuelift® a journey to remember.
